

PRODUCT SPECIFICATIONS

Lens Material: UV resistant enhanced impact Grilamid
Bezel Material: Black ABS
LED Color: White
Operating Voltage: 12 V systems
Power Consumption: 0.8W
Weight: 1.4 oz.

WIRING

Black: Chassis ground
Red: 12 volts

INSTALLATION

Mark the desired location of the lamp. Cut a 2" hole in the center for the light body. Position the lamp and mark the three mounting screw holes. Remove the lamp and drill three 1/8" holes. Connect positive and ground wires. Fasten the lamp in place and snap on the bezel.
